

Academic Success Center Newsletter

January 14, 2025

A new semester means a fresh start and exciting opportunities it brings! A fresh start is the perfect chance to set new goals, embrace challenges, and explore your passions with renewed energy. This is your time to grow academically, socially, and personally. Remember, every step forward, no matter how small, is progress toward your dreams. Let's make this semester one of learning, connection, and achievement. Here's to a successful and fulfilling journey ahead—welcome back, Warriors!

New addition: The Academic Success Center is offering several new opportunities for students to participate this semester to maintain momentum and stay connected.

- 1. Monday Motivational:** meet every week to reflect on weekly goal setting and accomplishments.
- 2. Accountability Groups:** meet every week to make sure participants are keeping up and on track with their academics.
- 3. Sip, Sip, Study:** a monthly drop-in conversational with a learning specialist to learn about resources around campus.

Read more about these and other services on our web page (<https://success.wayne.edu/academic-persistence>).

Student Success Workshop Series: The ASC offers workshops on topics such as learning strategies, study skills, time management & productivity, and many more. Continue to check the list of workshops as more get added each week. (<https://success.wayne.edu/workshops/listing>)

We welcome faculty, staff, students affiliated with a student organization to request a workshop that is relevant to the needs of your group. If you would like to bring one of our workshops to your group of students, please submit a request form to coordinate with us:

When it comes to learning, you have options to consider.

Tutoring

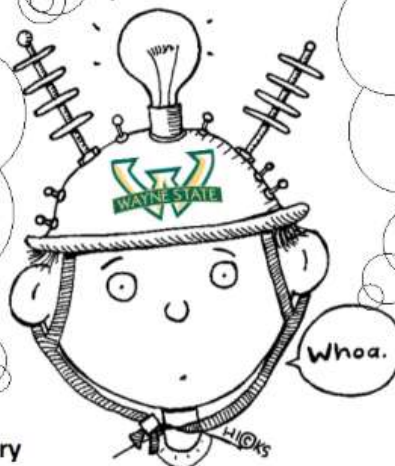

- Schedule a time that works for you
- Receive individual attention
- Build new study skills
- Option to bring a peer

Supplemental Instruction (SI)

- Discuss lecture concepts with trained peer leaders
- Use critical thinking in an engaging atmosphere
- Enjoy exploring complex ideas

Course Study Groups

- Create your own group with peers from class
- Become involved in leading discussions
 - Facilitated by a trained peer leader
